& local communities as well as riders alike.

In case of severe weather leading up to events, check Dalby Moto Facebook or Website for clarification of events. In most cases rides are better with rain, in many cases ride numbers have been low when there has been severe rain in coastal areas when it was perfect conditions at the trail ride. If you have had 200 mls at home does not mean there is any rain at the event site.

THANKS TO ROCK OIL, KENDA TYRES & EK CHAINS FOR THEIR ONGOING SUPPORT OF SUPPLYING ARROWS FOR RIDES.
